DEPUTY DIVISION CHIEF, Structure Construction
CONSTRUCTION MANAGERS
SENIOR CONSTRUCTION ENGINEERS
RESIDENT ENGINEERS

Date: July 14, 2017

File: Division of Construction
CPD 17-1

From: RACHEL FALSETTI, Chief
Division of Construction

Subject: PERMANENT PEDESTRIAN FACILITIES INSPECTION TRAINING

This directive announces new training for permanent pedestrian facilities inspection. Permanent pedestrian facilities include planned assets used by pedestrians for navigating through state right-of-way. These facilities include, but are not limited to sidewalks, curb ramps, ramps, parking, and so forth. This training is intended to provide field staff guidance on inspection of permanent pedestrian facilities for contract and Americans with Disabilities Act (ADA) compliance.

The new interactive web-based training course, "Permanent Pedestrian Facilities Inspection," is now available for construction personnel inspecting these facilities. To sign up for this training, submit a training request in Staff Central for this course by following the instructions at:

<http://construction.onramp.dot.ca.gov/permanent-pedestrian-facilities-inspection>

Construction staff need to complete this job-related training within the next 6 months if they are inspecting or administering contracts with permanent pedestrian facilities. In addition, it is recommended that construction field staff take Permanent Pedestrian Facilities Inspection training every 3 years as a refresher.

The Permanent Pedestrian Facilities Inspection training takes approximately 4 hours to complete and training time should be charged to:

Unit: Your unit
Project: Your Overhead ID
Phase: N
Reporting Code: G101852
Activity: 059

If you have any questions or need additional information, please contact Ken Darby, Division of Construction, at: ken.darby@dot.ca.gov or 916-653-2032.
